### PFCCO Forum Recommends AgriFinance Promotion

The presentation on AgriFinance at PFCCO Educational Forum on May 31 in Bohol, Philippines discussed the need for cooperatives to adopt a program to help farmers get out of poverty. It was highlighted that farmers are becoming more vulnerable due to climate change causing natural calamities that directly affect farmers. The attending 300 leaders and professionals of PFCCO network recognized that coops must have programs for farmers besides credit facilities. The forum recommended adoption of the credit union business solution no. 20 – AgriFinance Methodology.

### Mobilization of CU E-learning Tutors Commences

While the platform for the Asian Credit Union Institute (ACUI) is being developed, ACCU has started the mobilization of tutors. ACUI is a long distance learning program that will be offered by ACCU on a fee basis. Four competency courses will be offered: Directors, CEOs, Loan Officers and Audit Committee. The tutors will serve as coach for the learners. The tutors are mobilized from among the Development Educators who have undergone the classroom training on the four competency courses, with English proficiency in both oral and written and with extensive practical experience on the subjects. The meeting with PFCCO and NATCCO tutors was held on May 31 and June 6 respectively.

### Keeping Eye on SCU Computerization in Laos

## NATCCO ACCESS Results Encouraging

The review meeting on June 3 with NATCCO ACCESS team revealed an encouraging result, first on the applicability of the diagnostic tool and second on the achievements of the standards. NATCCO volunteered as the first to implement the standardization for federation or the federation's version of ACCESS standards. Federations being standardize is strategic to the promotion of ACCESS branding to credit unions. The experience of NATCCO will be shared to other members of ACCU. It is anticipated that an audit can be carried out in 2014. NATCCO has appointed its group heads as members of the branding team.

## Deployment of AgriFinance Methodology Continues

**MIND MAPPING:** *Participants mind mapping the sustainable credit union. (above picture)*

**AGRIFINANCE ALPHABET:** *Participants writing down AgriFinance alphabet to recap previous day's session.*

The three days workshop for NATCCO on June 4-6 introduced the AgriFinance Methodology to NATCCO network. In attendance were Managers and Directors of farmers' cooperatives, 4 MICOOP area managers and 4 staff of the training and consulting team of NATCCO. The methodology has now been deployed in Bangladesh, Nepal, PFCCO – Philippines, Indonesia and Sri Lanka. The AgriFinance Methodology for Credit Unions is assigned as Business Solution No. The solution recognizes that farmers are still living in subsistence economy – means their income is sufficient or sometimes not even enough to meet the basic needs. Provision of additional skills on agriculture, linkages to market and suppliers, and financial literacy education, farmers would have more opportunity to increase income and build wealth.
