

KAROLINA DYKA

Dear selection committee,

My name is Karolina Dyka, and I currently work in NAUWC as an Assistant to the Board assistant for International Affairs. I am writing to you to express my strong interest in applying for a Member at Large position on the ICA Youth Committee. It would be a huge privilege to participate in an environment that makes changes in this world, as it would give me the chance to interact with other young cooperators from around the world with whom to share and learn. In addition, I am excited about the opportunity that this position offers, as it would mean a major cooperation step in my organisation.

As a young, proactive person, I would like to take an active part in promoting cooperative values and principles on the international stage, especially among younger people. I believe that the position on the Youth Committee will allow me the opportunity to have a global impact and contribute to ICA work with full commitment.

Although I am quite new to the cooperative world, I can bring fresh perspectives and new energy. Because I am open-minded, I find myself frequently interacting with young people in my daily life. Therefore, I am very familiar with the challenges young people face on a daily basis—especially those just starting their adult lives who are seeking fair employment and good living conditions. I believe that it is precisely through cooperation and new initiatives that we can work together to change the world for the better.

I think I would be a good addition to your international youth body, as I work in organisation with extensive experience in international cooperation, and I look forward to continuing and expanding that work .

My proven ability to maintain communication and the network makes me an excellent candidate for this position. Not only am I comfortable working on and implementing new projects, but I am also adept at resolving issues quickly, efficiently, and professionally even under a great amount of pressure.

I am not afraid to take on new initiatives, participate in developing new ideas, share my opinion, or make decisions. With that mindset, I would like to enable young cooperative members to express their views on the international stage.

It is for these reasons that I would like to apply for this opportunity and thus contribute to improving cooperation and international relations at the organization I have the pleasure working for.

Thank you very much for reading my letter and consideration.

Yours faithfully,
Karolina Dyka
